

**My unit is down again. Perfect.
These cheap valves just don't hold up.
I need reliable technology to keep running
24/7/365—no surprises**

YOU CAN DO THAT

FISHER™ Emerson's industry leading Fisher™ easy-e™ control valve—available in NPS 1 thru 36—provides users with high performance and proven reliability. The easy-e control valve continues to evolve, bringing you innovative and reliable technology to help solve your toughest challenges. All valve designs undergo rigorous lifecycle testing, so you don't have to worry about your unit going down unexpectedly. Don't trust your process to replicated valves. Use the Fisher easy-e control valve to keep your operation running. Day and night. To learn more, visit www.Fisher.com/Reliable
