

You're telling me I can get a Fisher® oilfield valve at an affordable price?

The new Fisher® Design D4 is a NACE service ready, easy to maintain rugged control valve for high-pressure throttling applications. It is an exceptional value with Fisher quality construction. See for yourself that factory-built Fisher valves, regulators, and instruments don't cost you more. Visit www.Fisher.com/oilandgas and then call your local Emerson sales representative.
