

You're telling me I can get a Fisher® regulator at an affordable price?

The Fisher® Type 630 Big Joe is a rugged, time proven regulator that takes the first-stage high pressure cut in oil and gas production applications. It is an exceptional value with Fisher quality construction. See for yourself that factory-built Fisher valves, regulators, and instruments don't cost you more. Visit www.Fisher.com/oilandgas. And then call your local Emerson sales representative.
