

Mini Life Sciences Symposium – Belgium Edition

Date: 17 Sept 2015

Time: 10:00 – 16:30 hrs, per agenda below

Location: TBD in Brussels

Agenda:

Time	Activity	Lead
10:00 – 10:15	Welcome, Introductions	All
10:15 – 10:30	Symposium Introduction	Emerson
10:30 – 11:15	Topic 1 Introduction	-
11:15 – 12:00	Workshop on Topic 1	All
12:00 – 13:00	Lunch	All
13:00 – 13:45	Topic 2 Introduction	-
13:45 – 14:30	Workshop on Topic 2	-
14:30 – 14:45	Break	All
14:45 – 15:30	Topic 3 Introduction	
15:30 – 16:15	Workshop on Topic 3	All
16:15 – 16:30	Next Steps & Closing	Emerson

Agenda Topics for Discussion:

- 1) ***Managing Data through Product Life Cycle:*** With the goal of bringing new drugs to the market faster, drug manufacturers and their suppliers are developing several tools and methods that accelerate the transfer of new molecular entities from laboratories to commercial manufacturing. This session will focus on developing a framework, standard methods, and best practices to simplify this technology transfer and the product data lifecycle context in the process

- 2) **Process Intelligence & Analytics:** Drug manufacturing companies are looking for ways to utilize data and information to improve manufacturing operations. For this to happen, manufacturing, IT, and automation professionals need a better understanding of how to efficiently implement projects that deliver data required to enhance process operations. This session will address best practices for efficiently integrating data and IT systems to expedite project delivery and improve operational effectiveness

- 3) **Flexible Facilities and Single-Use Technologies:** Single-use technologies reduce drug manufacturers' costs by decreasing capital expenses and increasing equipment utilization. But shifting from steel to plastic introduces significant challenges. This session discusses how to best support single-use technologies, including instrumentation and automation implementation strategies, as well as data integration

Active Symposium Board and Sub Team Members

Attire: Business Casual

Cost: there is no attendance fee for this event
