

DANIEL PRODUCT TRAINING

2013 SCHEDULE

Revision 1 dated July 2012

Product courses introduce measurement basics, hands-on programming, and diagnosis of potential on-site problems for specific Daniel products. Our Natural & Liquid Gas Flow Measurement classes will address measurement methods and equipment for Natural or Liquid gas.

Instructors: Our instructors, with years of experience, demonstrate both fundamental concepts and troubleshooting techniques using actual instruments. Our product instructors include our world traveled field service engineers and technicians adding years of practical field application, start up and troubleshooting to their expertise.

Location: Product Training Courses are held at Daniel's training facility located at 11100 Brittmoore Park Dr. - Houston, TX 77041 – or at your facilities if desired.

Inquire or Enroll: Contact Daniel Measurement Service, 11000 Brittmoore Park Drive – Houston, TX 77041 Phone 713/827-6314, Fax # 713/827-6312 or visit us on the web at Emerson / Daniel / Educational Services
