**Position Statement of Emerson Process Management
Process Systems & Solutions Concerning Article 33 of the
EU Regulation 1907/2006 (REACH)
20 June 2016**

Under the structure of the European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), Process Systems & Solutions is a manufacturer of articles to our EU customers. Our articles do not involve the intentional release of substances. Accordingly, we foresee no registration or pre-registration or authorization requirement for the products we supplied.

On the basis of information provided to Process Systems & Solutions from our suppliers and to Process Systems & Solutions' knowledge, no SVHC in a concentration above 0.1% w/w have been identified so far in the following product(s) supplied to you:

KJ4006X1-BR1 Redundant Profibus DP Terminal Block

This information is based on the Candidate List of SVHC for Authorization as of the date of this letter.
The Candidate List is available at: <http://echa.europa.eu/web/guest/candidate-list-table>

Should you have any questions regarding the content of this declaration or the general application of the EU RoHS legislation and how it may affect your transactions with Process Systems & Solutions, please contact your usual contact in Process Systems & Solutions in the first instance or James McFerrin, Environmental Compliance Manager, james.mcferrin@emerson.com.

Best regards,
