

INTERNAL PRODUCT NOTIFICATION

ROSEMOUNT GAS CHROMATOGRAPHS

August 5, 2016

TO: GC Global Sales Channel

SUBJECT: MON2000 & MON2020 Compatibility with Windows 10

After extensive testing, it has been validated that MON2000 and MON2020 are compatible with Windows 10.

To know the operating systems that MON2000 and MON2020 are compatible with, one can check either the Sales Portal or the External Rosemount Website. For MON2000, the information is found on the MON2000 webpage under the [Specifications tab](#). For MON2020, the information is found on the MON2020 webpage under the [Specifications tab](#).

As a reminder, the latest version of MON2000 and MON2020 can be found on the external Rosemount website under the [GC Software Downloads link](#). The webpage provides a handy table to help the Sales Channel and Customers determine which software is appropriate for their gas chromatographs.
