

EXCHANGING IDEAS.
CREATING SOLUTIONS.

EMERSON GLOBAL USERS EXCHANGE
DÜSSELDORF 2012

For Users by Users:

across Europe & Middle East

across all major Industries

Emerson Global Users Exchange

FOR USERS BY USERS

Through

- Over 80% of Presentations developed and delivered by users
- Board of Directors, consisting of users, shaping the conference content and guiding the direction of the users group at large

EXCHANGING IDEAS.
CREATING SOLUTIONS.

The Conference Is all about Sharing with Your Peers

- Learn best practices and see how colleagues are improving efficiency and reducing costs with automation
- Understand what your peers, other suppliers, and customers in your industry are doing to compete in these dynamic times
- Network with their peers and other industry leaders and make the right connections
- Meet with the experts behind the technologies and learn how innovative technologies can be put to work for you
- Touch and experience the breadth of innovative Emerson technologies all in one place

A Diverse Agenda, Creating a Great Learning Opportunity for All

	Monday May 28, 2012	Tuesday May 29, 2012	Wednesday May 30, 2012	Thursday May 31, 2012
		Breakfast/ Registration	Breakfast/ Registration	Breakfast/ Registration
08:30		Flight arrivals/ Registration	Opening Session	Opening Session
			Presentations	Presentations
			Industry Forums	
12:00		Lunch	Lunch	Lunch
13:00	Flight arrivals/ Registration	General Opening Session	Emerson Roadmaps	Presentations
		Emerson Roadmaps	Presentations	
		Presentations		
16:30		Solutions Exhibition	Solutions Exhibition	Flight Departures
19:00	Free Night/ Optional entertainment	Free Night/ Optional entertainment	Dinner	

Sharing of Practical Experience in over 100 Conference Presentations – Some Examples:

Session Title	Company	Country
Api Refinery Increases Efficiency using Micro Motion Coriolis Fiscal Measurement System	Api Raffineria di Ancona	Italy
Drive the Car - A New Model for Lifecycle Care	Bayer MaterialScience	Germany
The Heart of Your Plant - a Human Approach to Control Centre Design	BP	United Kingdom
Benefits of FIELDVUE DVC & GX valve at DOMO Chemicals	Domo Gent Polymers	Belgium
Turning a 30 Year-Old Coal-Fired Unit Into a Highly Efficient Power Station	E.ON	France
Terminal Automation Delivers Customer Loyalty	Royal Vopak	Netherlands
Incorrect Valve Sizing for Outgassing Applications Impacts Plant Performance	Saipem	Italy
Integrated Work Process Between EPC & Manufacturer? You Must Be Mad!	Fluor Corporation	United Kingdom
Calibration Excellence: Intelligent Application of Smart Technology Improves Business Results	GSK	Ireland
Valve Condition-Based Maintenance: The Value of Predictive Maintenance	KINEF	Russia
Lubrizol France Safety Initiative.	Lubrizol	France
Wireless Expertise for Automation of Oil Recovery From Remote Wells	LUKOIL	Russia
WirelessHART Temperature Measurements in APC Application	MOL	Hungary
Installation & Use of Online Protection & Prediction System at Shell's Draugen Platform	Shell	Norway
Stabilising Problematic Differential Pressure Measurement on SRU with Electronic Remote Sensors	PKN ORLEN	Poland
Alarm Management : Rationalisation Project & Follow Up Routines	Pronova Biopharma	Norway
Verification & Validation Process for Final Element of Safety Loop	Ras Gas	Qatar
Predictive Maintenance Program for Rotating Machines Reduces Refinery Downtime & Costs	Rominserv	Romania
Using Wireless Technology on Underground Gas Storage	RWE Gas Storage	Czech Republic
Fork Densitometer Measures the Solid Fraction in Oversaturated Brine	Solvay	Belgium
Troubleshooting & Vibration Analysis of Statoil's Offshore Rotating Machinery	Statoil	Norway
WirelessHART Used for Large Tank Farm Application with Redundant Gateways	Total Fluides	France
IEC61511. What a Manager Needs to Know About Functional Safety.	TÜV Nord	Germany
Cyber Security in the Process Industry - Using an Ethical Hacker	Yara International	Germany
Do I Need a Safety-Certified Valve for my Final Control Element?	Petrofac	United Arab Emirates
WirelessHART Reduces Modernisation Cost of Measurements in the Power Plant	Polska Grupa Energetyczna	Poland

Besides User Presentations, there Are many other Interesting Agenda Items

- **Keynote Speakers:**
 - **Euan Semple**, leading authority on the Impact of the Web on the World of Work
 - **Dave Beckman**, pastor and thought leader in Process Management, will discuss the Future of Automation
 - **Steven A. Sonnenberg**, Executive Vice President, Emerson and Business Leader, Emerson Process Management
- **Industry forums** will allow open discussion between conference delegates and a panel of experienced professionals
 - **Oil & Gas, Chemical, Refining & Petrochemical, Power, Life Sciences and Engineering**
- ➔ Get insights into Emerson's strategy and detailed information on Emerson new releases of products, services and enhancements in Emerson **Roadmaps**

See the Newest Innovations at the Solutions Exhibition

- Touch and **experience** the breadth of **innovative** Emerson **technologies** all in one place
- Our **complementary suppliers** will also be there showcasing their products and services
- 2500 m2 of Solutions Exhibition
- Opening hours:
 - Tuesday May 29th: 16:30 – 19:00
 - Wednesday May 30th: 16:30 – 19:00

The cornerstone of the Emerson Global User Exchange is the wealth of knowledge and experience shared by users.

This 3 day conference represents a unique opportunity for you to learn best practices, implementation successes, tips from your peers and other suppliers, and proven project solutions.

The Exchange consists of presentations, industry forums and solutions exhibition. Whether you are looking to improve energy efficiency with enhanced automation, meet new regulatory requirements, increase yields, or get more out of your automation investments, there is an array of themed presentations for you to choose from (several will be simultaneously translated into German and Russian).

Presentations

Over 100 presentations are planned, covering a wide spectrum of industry and technology-specific topics. Significantly, around 80% of these will be from customers, who will be keen to share their experiences. Delegates can attend a presentation track dedicated to a single subject or choose individual presentations to build a personalised conference curriculum.
