November 19, 2015 – This notice is to inform you that effective immediately Rosemount Flame and Gas Detection is discontinuing production of the RM2 Millennium Rack Mount Controller. Models affected are listed above. Support for spare parts and other serviceable components for the RM2 also ends today.

The decision to discontinue the RM2 was driven by changes in certification requirements, extremely small volumes, and the availability of a product alternative in the SafeGuard Alarm Controller. The table below illustrates the SafeGuard model numbers.

Model Number	Description
SGX-N4	SAFEGUARD, WALL MOUNT, DIV 2, GRAPHIC DISPLAY CONTROLLER
SGX-PM	SAFEGUARD, RACK MOUNT, GRAPHIC DISPLAY CONTROLLER
SGX-SM	SAFEGUARD, WALL MOUNT, GRAPHIC DISPLAY CONTROLLER

We apologize for any inconvenience resulting from the Rack Mount's product discontinuance. Thank you for allowing Rosemount Flame and Gas Detection to continue to serve you. If you have any questions in respect to this notice, please contact your business development manager or customer care representative at +1 (866) 347-3427 or safety.csc@emerson.com.
