

Emerson's Rosemount Tank Gauging Training Courses - Sweden

Measurement Instrumentation Training

Training to Fit Your Needs

We invite you to attend one of our training courses on Rosemount™ Tank Gauging products. These courses use lecture and hands-on workshops to teach students to properly mount, install, configure, calibrate, troubleshoot, and maintain your Rosemount Tank Gauging instrumentation and technologies. These courses are held at Emerson's Rosemount Tank Radar Headquarters in Gothenburg, Sweden.

With guidance from Emerson-certified trainers that understand your industry and bring deep product expertise into the classroom, you can expect to leave any of our training courses with more confidence in your ability to operate your Rosemount technologies.

Certified on Emerson products and skilled in incorporating effective learning techniques

Rosemount Tank Gauging Training Courses - Sweden

Rosemount Tank Gauging System Training - RTG101

Overview:

This five-day Rosemount Tank Gauging Technical Product Training focuses on the Rosemount 5900 System, plus other field equipment relevant to the Rosemount Tank Gauging System. The training covers installation, configuration and troubleshooting, as well as general Rosemount TankMaster functions.

This course is suitable for service engineers, and can also be good for project and sales engineers. It is a good introduction for both employees and customers.

Those who complete this course will be able to:

- Perform Installation and Setup Procedures
- Configure Tank Gauging System
- Plan a Wireless Installation
- Perform Basic Troubleshooting

Topics:

- System Overview
- Rosemount 2460 System Hub & 2410 Tank Hub
- Rosemount 5900 Gauges
- Rosemount 2230 Graphical Field Display
- Rosemount 2240S Multi-Input Temperature

Transmitter

- Rosemount 5300/5408
- Field Communication and TCP/IP
- Electrical and Mechanical Installation
- System Configuration
- LNG and Other Liquefied Gases
- Emerson Wireless Network and Instrumentation
- Emulation
- Overfill Prevention
- SIL
- Troubleshooting

Prerequisites:

Technical background

Price: 2547Euro/2869USD per student

Time: Classes typically start at 8:15 Monday morning and ends at 15:00 on Friday.

Dates: March 11 - 15, 2024

September 9 - 13, 2024

November 18 - 22, 2024

Rosemount TankMaster™ Software Training - RTG102

Overview:

This four-day Rosemount TankMaster Training covers more detailed information about Rosemount TankMaster functions.

Those who complete this class will be able to:

- Perform System Configuration
- Configure Host Communication
- Properly use Redundancy
- Use Batch Handling
- Program Basic Custom Views
- Perform Basic Troubleshooting

Topics:

- System Overview
- Network Basics
- Volume Calculations
- Rosemount TankMaster Mobile
- WinOpi Tools Menu
- Host Communication, TCP/IP and OPC
- Rosemount TankMaster Batch
- Custom Views and Translation
- TankMaster to Enraf®
- Redundancy
- Floating Roof Monitoring
- Administrator Program, Backup & Restore
- Rosemount TankMaster Hybrid & HTG
- Full Containment
- Troubleshooting

Prerequisites:

It is required that you attend the Rosemount Tank Gauging System - RTG101 course before taking this course or have very good knowledge of the Rosemount Tank Gauging System.

Price: 1981Euro/2231USD per student

Time: Classes typically start at 08:15 Tuesday morning and ends at approx. 15:00 on Friday.

Dates: April 16 - 19, 2024

May 28 - 31, 2024 **Extra session

October 15 - 18, 2024

Location for both classes: Emerson Rosemount Tank Radar AB
Layoutvägen 1, SE-435 33 Mölnlycke, SWEDEN

T: +46 31 3370 000

Rosemount Tank Gauging Training Courses - Sweden

Registration Information

Location:

The courses are held at the Rosemount Tank Radar HQ in Mölnlycke, Gothenburg, Sweden. Closest airport is Landvetter.

Terms:

The course fee covers material, lunch and transportation between Hotel Gothia and the Rosemount Tank Radar office. Travel expenses, hotel costs and transportation to and from the airport are paid by the participants.

Accommodation:

Hotel Gothia Towers is one of the hotels with which we are in agreement with. You will receive an e-mail from us with a specific link to use for booking your room. It's very important to use this specific link to get the correct Emerson pricing. Tax and breakfast is included in the room price.

VISA:

If you need a VISA for Sweden (the Schengen countries), please send us the course application and a copy of your passport or your passport number so we can prepare the invitation letter. Note! It can take time to get a VISA, so apply well in advance before the training.

Cancellation:

The last day for cancellation is 4 weeks prior to course start. Although the courses are free of charge for Emerson employees and local business partners, cancellation after this date will be charged. Fifty percent of the full tuition will be charged for cancellations received during 4 weeks prior to the start of the course, and full tuition will be charged for failure to attend without cancelling. Scheduled courses may be cancelled due to low enrollment; we therefore recommend to buy open and fully refundable ticket.

Application:
