Cooper-Atkins
A Longtime Leader in Foodservice Markets

Headquarters
Middlefield, CT

Employees
150

Description
• Comprehensive offering of temperature management and monitoring products for uses primarily in:
  ✓ Food safety: Restaurants, supermarkets and anywhere food is handled, prepared and stored
  ✓ Pharmaceutical safety: temperature-sensitive inventories and environments
• Their solutions are modernizing quality management utilizing mobile and cloud-based compliance tracking systems

Cooper-Atkins Strongly Complements Emerson’s Global Cold Chain Business and ProAct™ Services Portfolio, Especially the Real-Time Perishable Cargo Tracking and Monitoring Services Created by the 2016 Acquisitions of Locus Traxx and PakSense
