

Executive Bio

Erik Lindhjem

Vice President of Reliability Solutions

Erik Lindhjem serves as vice president and general manager of Emerson's reliability solutions business. In this role since June 2021, he is focused on driving digital transformation through plant asset management of automation assets and machinery that enables clients to reach top quartile performance.

Lindhjem joined Emerson as vice president of reliability solutions and consulting, Asia Pacific in August of 2018 based in Singapore. He holds a bachelor's degree in mechanical engineering from the University of Virginia and a master's degree in business administration from Wake Forest University.
